ABOUT RESULTS

Results International (Australia) is part of a global non-partisan movement of advocates working to improve global health, build healthy democracy and civic engagement, and end poverty.

Results engages with decision-makers to build awareness of proven, cost-effective solutions to advance global health and end extreme poverty around the world.

We work with members of parliament from all sides of politics and reach out to government officials and key leaders in development institutions. We train everyday people in our grassroots network to be confident Advocates and call for specific action from Australia's Federal Government. Our campaign focus is on building the political will in Canberra to end global poverty. We are also proud to educate, engage and empower Australia's next generation of leaders and policymakers.

At Results, we also provide resources and opportunities for our volunteer Advocates to make the case for global health in the media and community.

ABOUT THE FELLOWSHIP

The Global Health Fellowship is a fully-funded, eight-month program designed for emerging leaders passionate about global health, policy and advocacy. This program equips fellows with knowledge, skills, and networks to shape global health policy, advocate for Australia's leadership in global development, and learn more about effective government and policymaking.

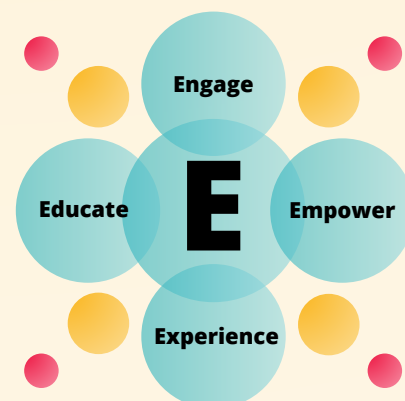

PROGRAM OBJECTIVES

Educate: Gain in-depth knowledge of Australia's role in global health leadership and policy.

Experience: Participate in first-hand experiences, including parliamentary sitting weeks and caucus engagements.

Engage: Collaborate with stakeholders such as parliamentary friendship groups, NGOs, and policymakers.

Empower: Build a network of future leaders dedicated to Australia's vision as a good global citizen.

2025 FELLOWSHIP HIGHLIGHTS

- Guided tour of Parliament House during sitting week.
- Meeting with a member or co-chair of the Australian TB Caucus Parliamentary Friends Group, and a Q&A on the role of parliamentary friendship groups in global health.
- Workshops on global health policy and leadership, with a focus on infectious diseases.
- Networking dinner with MPs, TB Caucus members, global health experts, and Canberra-based advocates.

PRACTICAL EXPERIENCE

Fellows gain real-world advocacy skills and deepen their understanding of effective policymaking and government processes through:

- Model parliamentary sessions addressing critical health challenges.
- Legislative drafting and policy brief development.
- Strategic advocacy planning and implementation.
- Engagement with parliamentarians and health policy experts.

WE KNOW OUR CAPACITY TO CREATE CHANGE INCREASES WITH DIVERSITY

You're at your best when you can be yourself. We want to ensure everyone's individuality and creativity can thrive. We encourage applications from First Nations Australians, people from culturally and linguistically diverse backgrounds, LGBTQI+ people and people with disabilities.

FELLOWSHIP COMMITMENT

Your Commitment to the Global Health Leadership

This fully-funded fellowship offers a unique opportunity to build expertise in advocacy, policy-making, and government processes. As part of Results Australia's mission, fellows commit to:

- Actively participating in our advocacy and policy network upon completing the fellowship.
- Championing key global health initiatives within Results Australia's focus areas.
- Engaging in quarterly policy-driven actions aimed at influencing parliamentary decision-makers.
- Contributing to policy briefs, campaigns, and submissions.
- Mentoring future fellowship cohorts.
- Participating in parliamentary engagement, policy discussions, and advocacy events to support Results Australia's mission.

Participation Requirements: Fellows must attend at least 80% of the program to successfully complete the fellowship.

This fellowship is ideal for those aspiring to leadership roles in public service, policy-making, or politics.

KEY DATES

Minimum time required each month		Around 8-10 hrs

FREQUENTLY ASKED QUESTIONS

Do I have to be an existing Results Advocate to apply for the Fellowship program?

No, you don't need to be an existing Results Advocate to apply, as long as you meet the eligibility criteria outlined above. However, we strongly encourage all current Results Advocates to apply. The Fellowship Program is a fantastic opportunity to deepen your understanding in global health and enhance your leadership skills.

How will these skills and knowledge be helpful for my future career?

Advocacy skills are valuable across many careers. This year's Fellowship is designed for leaders and change makers, helping you develop communication and influence skills for roles in policy, campaigning, community organising, and beyond. Fellows from Results programs have pursued careers with the World Bank, in research, consulting, government, and NGOs.

How much does this Fellowship cost?

Results will cover all program costs, including food, transport, and accommodation for any required travel during the Fellowship. We'll also cover conference registration fees and expenses for trainers and experts.

Do I need any experience to participate in the Fellowship?

Yes, you need a bachelor's degree in public health, international development, political science, or a related field, or equivalent practical experience. The Fellowship supports those passionate about global health equity and advocacy.

What does the application process involve?

The application process involves completing an online form, where you'll be asked to share your experience, future goals, and how you like to learn and work with others. If shortlisted, you'll be invited to a Zoom interview in January.

How do I apply?

Apply online via. Applications will be assessed on a rolling basis and close at midnight AEDT on 15 January 2025.

Who do I contact if I have further questions?

If you have further questions, contact join@results.org.au for more information about the program.

About us

Results International (Australia) is an international development organisation working to improve global health and end poverty. With our global partners and national network of volunteers, Results amplifies knowledge and expertise in global health and development. For more than 35 years, Results has been working with federal parliamentarians and everyday Australians to help generate the public and political will to end global poverty.
